Martin – Yes, we have drafted responses to the Mead and Bullock ozone designation letters. I have them to review and then they will go to Carl and then you.

Carl is correct that we had drafted a response to the first Herbert letter and per Shaun's request, we are using our original draft response to respond to Governor Herbert's September 23rd letter (attached).

Monica can fill you in on the Herbert letters, but I understand that a decision was made by Shaun not to respond to the first one as a call/meeting happened instead. Not sure what the plan is for the second Herbert letter on Uinta Basin.

I will have to check with Monica on Mead and Bullock letters. I'm not aware of those. Have they been controlled?

Carl /Monica – To my knowledge we have 2 letters from Herbert, a letter from Mead and a letter from Bullock. Are we drafting responses?

Attached is a follow up letter from Gov. Herbert to the Administrator on this subject. HQ is leading the response and the region was CC'd on the letter though we may be asked to provide input. Please let me know if you have any questions. Thanks

Hi, All.

I chatted with Shaun...given the Administrator and Governor spoke, we feel we can close out the letter as answered. I realize the time folks put into it...but it helped to provide great background for the call. So thank you!

Hi Josh – Any intel on the Administrator's call with Governor Herbert yesterday? We were wondering if we need to make edits to the response letter we've drafted to the Governor.

I have edited the intro section to make clear we will respond to the Governor's letter after the Administrator speaks with him on Wednesday.

Please let Josh Lewis know if you have any changes to this briefing paper by noon (eastern) on Tuesday so we can get it into her book. (Josh—if you need comments sooner than that, please let folks know. I am assuming a mid-afternoon deadline from the 3rd floor).

Thanks all

Janet
